SUBMISSION OF CORRECTED DECLARATION AND POWER OF ATTORNEY
FORM

Sir:

An error has been discovered in the executed Declaration and Power of Attorney filed on July 22, 2004. This error arose inadvertently and without deceptive intent and was only recently discovered. The error consists of an erroneous priority claim on page 2 of the declaration submitted on July 22, 2004, where the priority of two **later-filed** design applications are claimed. Obviously, it makes no sense to claim the priority of later-filed applications and this is an obvious error. There should not have been any claim of domestic priority in this case. The patent office recognized the error as evidenced by the fact that no claim of domestic priority appears on the filing receipt. Accordingly, the error most likely is harmless. However, in an abundance of caution the applicant submits herewith a substitute declaration, which corrects the error and contains no claim to the priority of any other domestic application.

No fees are believed to be required with respect to this communication. In the event that an additional fee is required with respect to this communication, the Commissioner is hereby authorized to charge any additional fees, or credit any overpayment, to Paul & Paul Deposit Account No. 16-0750.

Respectfully Submitted,
